For twenty years, we have been creating timeless, sustainable furniture from solid wood.

Craftsmanship and enduring design are at the core of our brand, and behind the simplicity of our pieces lies a constant drive for innovation.

Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflects our design values.

Expanding our reach, we bring the same fusion of innovation and timeless design into a new environment.

The Ethnicraft Bathroom collection articulates our design codes into seven distinctive bathroom settings, each precisely crafted to instill warmth and precious calm in a space dedicated to wellbeing and relaxation.

With overflow  
**TGO-540001**      58,5 x 38 x 11 cm

With the Loop & Friends Collection, designing your bathroom becomes easy and straightforward. The Collection's basins are available in round, rectangular, oval or square shapes and feature an overflow. The Villeroy & Boch ceramic meets every requirement in terms of functionality and aesthetics, and the basins come with plug, open ceramic drain cover and extended drain control rod.

Clearly-defined and geometric shapes are used in interior design as a way of expressing a personality. If one adds subtlety and delicacy, then the overall result will definitely be contemporary. Based on the four shapes from the Loop & Friends range with overflow, the Artis range captivates through its extremely thin, pure lines achieved by using TitanCeram, the new, revolutionary material. Model only offered without overflow, plug not included. These basins are suggested, not imposed. Of course, you are free to choose your basin from any retailer and order the furniture units without the basins. The units are then delivered without the factory-drilled opening, which will have to be made by the fitter.

# ETHNILIGHT

OPTIONS

40 x 14 x 3,7 cm

Optionally Ethnicraft offers a luminaire with LED technology. This minimalist lamp has a very slim frame and produces a very soft and warm light of 2700°K, which makes it possible to enjoy your bathroom every moment of the day. Amongst its many advantages, are a low consumption and a long lifespan. The lamp is operated by a switch which is located on the mounting bracket.

# ETHNIPURE

OPTIONS

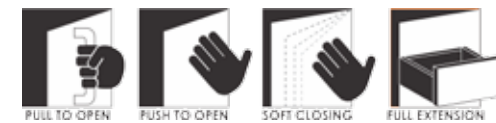

For those who like an additional white accent in their bathroom, Ethnicraft offers a composite solid surface top that can be placed between the washbasin and the base unit top. This top will have pre-drilled holes for the drain of the Villeroy & Boch washbasins when these are ordered together. The quality of your washbasin in shiny ceramic is emphasized by this pure white table top.

# TECHNIQUE AND MAINTENANCE

**FIRM AND HIGH QUALITY STANDARD** Is there a better guarantee of quality than furniture that is made in solid wood? Please note that all hardware components used are sourced from the best European suppliers and are in accordance with the highest possible quality standards for your comfort and safety. You will find the following pictographs below the different furniture items indicating the method used in that specific piece of furniture: push to open, soft closing, full extending,....

**INTEGRATED PLUGS** Inside the mirrored cabinets you will find plugs that can be used for electric razors, toothbrush, hairdryers, etc. The cabinet doors can be closed while using your electrical appliance. These plugs cannot be installed in flat mirrors without storage shelves.

**MAINTENANCE** Your bathroom furniture has been finished with products that fulfill the requirements for use within a humid area. In order that you can enjoy the beauty of these collections for years we advise the following:

- Install your furniture at a minimum distance of 60cm from your bath or shower
- Ensure good ventilation and dry off wet surfaces after every use
- Clean with soft sponge and liquid detergent
- Avoid abrasive products, pigments, acids, on the furniture, wash basins and mirrors
- Avoid the use of water warmer than 60°C in the wash basins to avoid thermal shock.

**USE OF CATALOGUE** All info in this catalogue are correct at moment of printing. The producer has the right to make technical and visual changes to the products without prior notice. This can occur to improve products. The colours and grain of the wood shown in the images are only an indication and can vary. Due to different materials used in the Villeroy and Boch basins and the Ethnipure option, these will be in a different but perfectly blending shade of white.
